29 On the plea of revisions the fee has been raised from Rs 50/- to Rs 1023/- per Annum. It practically amounts to exclusion of Students of other provinces—

30 As the amount is unreasonable a Reference may perhaps be made to the Resident in the matter. The principle of Calculation of the fee seems to be Somewhat Strange and does not appear to be in force anywhere else.

31 So far as the present case is Concerned, the enhanced fee has either to be paid by Sir, or it is hardly possible for the scholar to pay it & the Student will have to leave the institution—

SIR,

With reference to Government Order No. IC. 4336-7/I & C 99-22-8 dated the 13th January 1923 sanctioning a Scholarship to Mr. D. Krishna Rao tenable for two years to undergo a course of training in Dyeing and finishing of the Textile Fabrics in the Indian Institute of Science or in any other recognised institution, I have the honor to forward herewith a copy of letter No. 2493/15-2 dated the 26th February 1923 received from the Principal of the Technological Institute at Cawnpur and a printed prospectus of this Institute regarding the admission of the above scholar into the Institute.

As the Principal suggests that the approval of the United Provinces Government is necessary to admit him, I request the favour of your addressing the Government of the United Provinces to reserve a seat for one Scholar from Mysore. I have also another application from a Mysorean for similar admission. It is therefore necessary to have at least one seat reserved for one of our students. I have consulted Dr. Forster and other authorities who are of opinion that under present conditions the Technological Institute at Cawnpur offers the best facilities in India for an all-round training in Dyeing. A reference may kindly be made early.

I have the honor to be,

Dated Bangalore, 9th July 1923.

Subject:—

TRAINING OF STUDENTS FROM MYSORE IN DYEING.

SIR,

99-22

With reference to your letter No.Pol.881, dated the 24th March 1923, I am directed to inform you that the Government of the United Provinces state that the Government School of Dyeing and Printing, Cawnpore, is more suited than the Technological Institute, Cawnpore, for giving a thorough training in dyeing to students whom the Mysore Government may wish to have trained.

2. A copy of the prospectus of the School is enclosed. One seat at the School will this year be reserved for any student whom the Mysore Government may depute, and the Government of the United Provinces ask to be informed at an early date whether the Mysore Government wish to take advantage of this arrangement. They regret that it is impossible to reserve more than one seat at the School.

3. The Mysore Government will observe from the prospectus that the fee to be charged for students of Indian States who are deputed for training at the School is stated as Rs.50/- per annum; but the Government of the United Provinces state that this amount was fixed some years ago, and the question

question of revising it is under consideration. I am, therefore, to explain that, if it is found that Rs. 50/- per annum does not in fact represent the actual cost of training a student, it will have to be increased. Information on this point will be sent as soon as it is known definitely whether a Mysore student will be deputed.

4. The favour of an early reply is requested.

Letter No. 441/XVIII-270, dated the 13th February 1924, from the Deputy Secretary to Government, United Provinces, Allahabad, to the Hon'ble the Resident in Mysore, Bangalore.

Subject:- Training of a student from Mysore at the Government School of Dyeing and Printing Cawnpore.

I am directed to refer to the correspondence ending with your letter No. 6052/5d-1923, dated the 1st August, 1923, on the above subject.

2, In my letter No. 2905, dated the 29th June, 1923, it was stated that the fee to be charged students of Indian states who are deputed for training at the Dyeing School was Rs. 50/- per annum, but that that amount was fixed some years ago and that the question of revising it was under consideration. The matter has now been examined in accordance with the principle which has obtained since the introduction of the Reforms, of requiring Local Governments which have services rendered them by other Governments or states to pay the cost. In accordance with that principle the full cost of students sent by other provinces or states for training to this province has to be reimbursed to this Government, the full cost being calculated by dividing the total recurring annual expenditure of the institution where the student is being trained (minus the amount realised in fees) by the number of students on the rolls of the institution. The statement enclosed shows that on this calculation the cost of training a student in the foreman dyer's class of the Dyeing School, Cawnpore, at which the student deputed from Mysore is studying amounts to Rs. 1023/- per annum. This sum is much in exess of the amount mentioned previously to you but as stated above that figure was purely provisional.

3. I am to request that the position may be explained to the Mysore Durbar and that the fee of Rs. 1023/- per annum may, if there is no objection, be paid and remitted by them for the training of their student at the Dyeing and Printing School at Cawnpore.

of Dyeing and Printing, Cawnpore and to state as follows:

At the time of ~~entering~~ his the reservation of a seat for a Nepalese Student in the Cawnpore School of Dyeing and Printing that ~~no~~ fee be charged for Students of Indian States who are deputed for the training at the School would be Rs. 50/- per annum and that it would have to be increased if it is found that Rs. 50/- does not represent the actual cost of training a Student in that School.

The Govt. of H.H. are of opinion that a fee upto Rs. 1023 per annum for one student is prohibitive and bears no comparison with his fee which was being charged hitherto. I am to state that the Govt. of H.H. will have to think of withdrawing their Student if the Cawnpore School does not agree to charge the usual rate for the Nepalese Student.

I am therefore to request that the views of the U.P. Govt. in the matter may kindly be ascertained

and communicated early.
